CAR AUDIO

FEEL FREE.

GET MOVED BY MUSIC. TAKE IT EVERYWHERE.

CALIBER

IN CHARGE

IN 2026, CALIBER EUROPE BV BUILDS ON MORE THAN THREE DECADES OF EXPERIENCE

DELIVERING RELIABLE CAR AUDIO SOLUTIONS WHILE EXPANDING INTO A BROADER WORLD OF CONSUMER ELECTRONICS.

Caliber Europe BV continues to build on more than three decades of experience in a market that is constantly evolving. Since the beginning, our strength has been our ability to combine innovation, reliability and strong market insight to create products that truly meet the needs of both retailers and consumers.

Car audio remains the foundation of the Caliber brand. Over the years we have developed a reputation for delivering well-designed and dependable products that enhance the driving experience while maintaining an excellent balance between quality, features and price. This catalogue presents our latest car audio assortment, carefully developed to offer practical solutions, modern connectivity and strong value for today's market.

Alongside our car audio heritage, Caliber Europe has expanded into a broader consumer electronics portfolio. Through our brands Volkano, VolkanoX and Amplify, we offer a comprehensive range of accessible technology and lifestyle products designed for everyday use. In addition, we are proud to introduce our newest innovation platform: PowerSnap — a versatile battery-powered ecosystem that allows multiple applications to operate on one smart and flexible power platform.

Together with our dedicated team and trusted partners across Europe, we remain committed to building strong long-term relationships and delivering products that create value throughout the supply chain.

As CEO, I am proud of the progress we continue to make and grateful for the trust our partners place in us. We hope the 2026 catalogue inspires you and helps drive mutual success in the year ahead.

Rogier van Camp
CEO Caliber Europe BV

CAR AUDIO

Let the music take you anywhere.

CALIBER

KEY FEATURES EXPLAINED

Built-In WI-FI
Wireless Apple CarPlay® & Wireless Android phone mirroring. You no longer need a connection cable. Say hello to greater freedom and goodbye to clutter and complication.

Apple CarPlay®
Apple CarPlay® is a smarter, safer way to use your iPhone in the car. It allows you to stay focused on the road and get directions, make calls, send and receive messages and listen to music.

Autolink-Pro
Autolink-Pro can be used both wired and wireless. This allows you to experience all the features of your android phone on your radio screen.

Bluetooth®
Equipped with Bluetooth, including all handy features: handsfree phone calls, music streaming (A2DP), and control from the radio (AVRCP). Internal and External handsfree microphone models available.

USB-Charging
7.5W charging power, ensuring your phone never runs out of battery. Compatible with USB-A and/or USB-C.

Plug & Play
With a single ISO connector, you can connect the speakers to your car radio, while the other ISO connector is used to connect the power supply. The ISO cables are universal and compatible with any car.

Android Auto
Android Auto connects your Android phone to your car's display, giving you safe and easy access to navigation,calls, messages, and music.
